*“My Personal Freedom Session” is not considered a ministry kit per se, but is included for comparison purposes to show the additional value the leadership resources and support provided in our Ministry Kits.

**For each Ministry Kit ordered, one set Freedom Session workbooks and journal(s) will be shipped to your physical address. Digital versions of the workbooks are not currently available.

***The primary difference between the FS COMPLETE and FS Small Group Ministry Kits is the flexibility of “owning” the FS teaching videos verses a renewable subscription.

****One-year Teaching video subscriptions are available online.
