Note: in Summer 2022, we released updated Video and Mid-week Mentor videos and reduced Ministry Kit prices to make Freedom Session more accessible and easier to host.

*“My Personal Freedom Session” is not considered a ministry kit per se, but is included for comparison purposes to show the additional value the leadership resources and support provided in our Ministry Kits.

**For each Ministry Kit ordered, one set Freedom Session workbooks and journal(s) will be shipped to your physical address. Digital versions of the workbooks are not currently available.

***The primary difference between the FS COMPLETE and FS Small Group Ministry Kit is the flexibility of “owning” the FS teaching videos verses online streaming access. This allows churches ultimate sharing flexibility within their congregation. The other additions are a comprehensive Leadership Tool Kit and one hour strategic consultation.
